Re: Freedom of Information Act (FOIA) Request Number 10-RIN-76-87

Dear Mr. Zillich:

This is in response to your FOIA request of February 20, 1987. A time extension is necessary to comply with the question of the amount of money spent to date by EPA and their contractors at the Pasco Sanitary Landfill site. The reason for the extension is the need to search for and collect the records involved in responding to the above question.

In reply to your second question, the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (CERCLA), 42 U.S.C. §9601 et seq, as amended by the Superfund Amendments and Reauthorization Act (SARA) grants EPA the authority to recover its response costs. The liability provisions of CERCLA, 42 U.S.C. §9601 et seq are contained in §9607. A copy of this section is included for your information. Should EPA determine to recover its costs expended at the Pasco Sanitary Landfill site, Larry Dietrich will be notified.

This is an interim response to FOIA request no. 10-RIN-76-87. If you have any questions regarding this response, please contact Lori Cohen at (206) 442-2712.

Sincerely,

Philip G. Millam, Acting Chief
